ADMINISTRATION

Sheila A. Herbert - Superintendent - Director
Superintendent's Message

Congratulations to the Class of 2003. You are a special class to me because you began as freshman in 1999 as I began my tenure as Superintendent-Director of this wonderful school, in 2003, you have graduated and I have begun my retirement.

Oprah Winfrey once said, "There is no paycheck that can equal the feeling of contentment that comes from being the person you are meant to be." You are leaving Greater Lowell with skills and talents and, I hope, a sense of pride in the person you have become. But, this is just the beginning of what I pray will be a long and fulfilling journey. We have tried to instill in you a real sense of personal worth, a respect for yourself, an understanding of who you are and who you can become. Set your goals high and don't let anyone deny you the opportunities to achieve your goals and reach your dream.

Remember that you accomplish victory step by step, not by leaps and bounds. As you contemplate your future and set your expectations high, be happy and content as you reach the small milestones along the way. We've encouraged you to do that for the last four years. Be happy with each small victory and let each success, however small, fuel your personal sense of self worth. If you stumble, get back up and back on course. You will never know how far you can go personally until you have pushed yourself beyond your limits. Sometimes you have to fail a few times to really determine just how far you can go. The more you challenge yourself and meet those challenges successfully, the more you will realize what you can do. Each challenge successfully met will give you a greater sense of confidence in your own ability and a stronger understanding of your own unique potential. That increased confidence and belief in your own abilities will fuel your belief that you can achieve anything upon which you set your sights.

Remember to always acknowledge those who have helped you along the way, especially your parents, family, administrators and teachers who have been there for you.

Brandon Lewis-LaRose

This was a different time and a different place
But look who's behind the dirty face
Fourteen years has past since then
I don't know where I'm going, but I know where I've been.

My whole life is ahead of me
the sky's the limit with the whole world to see
Destination is now in my hand
But behind me both my parents stand.

How lucky can one person be?
NO ONE IS AS LUCKY AS ME!

Congratulations Brandon

A message from your yearbook advisor,

Congratulations to the Class of 2003. I would like to thank all of the people that have been involved in producing this yearbook. There are quite a few people that contribute to this effort, and I am sure to miss someone.

My apologies.

First, a thank you to Mrs. Lappin's Information Processing students for compiling the write-ups and class will. Congratulations to Bernard Dos Santos for his yearbook cover design, and to all the Graphic Arts students who worked so hard on their designs. To David Saul, photography wizard, thank you so much for your expertise. To Laurie Sommers who I ask too much of, thank you. To my fellow Advisors who planned all the events that are in these pages, thank you for your hard work.

Second, I wish to thank Dominic Ierardi, my mentor, my friend. Again I am most grateful for your patience, and for the generous support that you have shown me over the years. I couldn't have done it without you. You are a class act. A heartfelt thank you.

Finally, my wish for the graduates is that you use this book often. It is your book of memories. Memories of friends, classmates, faculty and staff, all of whom you are greatly indebted for making the road to your future a smoother one.

Follow your hearts,
Peggy Sarmento
Yearbook Advisor
